28<sup>th</sup> March 2020

To Whom It May Concern,

MBO Management continues to be focused on a day to day, week to week, month to month basis regarding the effects of the Covid-19 situation as well as on the health and safety of its employees.

To date I confirm that the MBO manufacturing operation continues uninterrupted with regular deliveries taking place weekly whilst taking into account both local and government regulations.

We continue to support your open orders as are in place at this time. Standard stock items are also available for delivery upon receipt of your new orders.

**However, I would like to request that in order to ensure a timely supply of product that you review your production requirement for the next 4 – 6 months with regards supply of standard stock items as well as those special requirements particularly with regards to solder preforms and solder paste.**

Our production planning department request that you check your materials requirement for the near future by placing firm orders for May and June deliveries onwards.

Meanwhile, thank you for your support in these difficult times.

WITH BEST REGARDS,

*F Nimmo.*

FRASER NIMMO  
DIRECTOR – MBO (UK) LTD
